PARENTS BILL OF RIGHTS FOR DATA SECURITY AND PRIVACY  
AND  
SUPPLEMENTAL INFORMATION ABOUT THE MLSA

#### 1. Purpose

- (a) This Exhibit supplements the Master License and Service Agreement (“MLSA”) to which it is attached, to ensure that the MLSA conforms to the requirements of New York State Education Law Section 2-d and any implementing Regulations of the Commissioner of Education (collectively referred to as “Section 2-d”). For purposes of this Exhibit, the term also includes Erie 1 BOCES or

another BOCES that is licensed to use Vendor's Product pursuant to the MLSA to support its own educational programs or operations.

3. **Confidentiality of Protected Data**

- (a) Vendor acknowledges that the Protected Data it receives pursuant to the MLSA may originate from several Participating Educational Agencies located across New York State, and that this Protected Data belongs to and is owned by the Participating Educational Agency from which it originates.
- (b) Vendor will maintain the confidentiality of the Protected Data it receives in accordance with federal and state law (including but not limited to Section 2-d) and Erie 1 BOCES's policy on data security and privacy. Vendor acknowledges that Erie 1 BOCES is obligated under Section 2-d to adopt a policy on data security and privacy. Erie 1 BOCES will provide Vendor with a copy of its policy and Vendor and Erie 1 BOCES agree to engage in good faith negotiations to modify this Data Sharing Agreement to the extent necessary to ensure Vendor's continued compliance with Section 2-d.

4. **Data Security and Privacy Plan**

Vendor agrees that it will protect the confidentiality, privacy and security of the Protected Data received from Participating Educational Agencies in accordance with Erie 1 BOCES' Parents Bill of Rights for Data Privacy and Security, a copy of which has been signed by the Vendor and is set forth below.

Additional elements of Vendor's Data Security and Privacy Plan are as follows:

- (a) In order to implement all state, federal, and local data security and privacy requirements, including those contained within this Data Sharing and Confidentiality Agreement, consistent with Erie 1 BOCES' data security and privacy policy, Vendor will: Review its data security and privacy policy and practices to ensure that they are in conformance with all applicable federal, state, and local laws and the terms of this Data Sharing and Confidentiality Agreement. In the event Vendor's policy and practices are not in conformance, the Vendor will implement commercially reasonable efforts to ensure such compliance.
- (b) In order to protect the security, confidentiality and integrity of the Protected Data that it receives under the MLSA, Vendor will have the following reasonable administrative, technical, operational and physical safeguards and practices in place throughout the term of the MLSA:

**ParentSquare Security Policy**

*Last Updated: March 2023*

ParentSquare is committed to protecting the security and privacy of personally identifiable information (PII) in accordance with FERPA, COPPA, and any other applicable state law.

ParentSquare has been independently assessed and certified by iKeepSafe, an experienced privacy protection organization, for compliance with FERPA, COPPA, California Student Privacy (including SOPIPA, Ed Code 49073.6, and Ed Code 49073.1), and the California Consumer Privacy Act (CCPA).

We will soon be launching our new Smart Sites product, which will undergo an iKeepSafe compliance review as well.

## **Company Policies**

We maintain security and privacy policies that align with industry best practices, and we review those policies at least every six months to ensure alignment.

## **Security Framework**

We implement internal security controls that align with the NIST Cybersecurity Framework v1.1.

## **Data Storage**

Our infrastructure is housed on Amazon Web Services' (AWS), a highly reliable, secure, and scalable cloud platform. AWS is validated under the following compliance programs, among others: SOC 1, SOC 2, SOC 3, ISO 27001, PCI DSS Level 1, and NIST 800-53.

All data is stored within the United States, and all processing servers are based within the United States.

## **Data Encryption**

Data is encrypted in transit and at rest to provide protection of sensitive data at all critical points in its lifecycle. All data is transmitted over HTTPS connections to and from the ParentSquare application. All passwords are salted and hashed.

## **Data Breaches**

Upon becoming aware of a data breach, we would fully investigate the incident and notify the customer within two business days, including our plan to remediate the breach. The customer then makes a decision about how or if users are notified.

## **Disaster Recovery**

Our approach to disaster recovery anticipates business interruption risks from a range of outages, and mitigates the financial, customer, and regulatory impact of these scenarios. Our partnership with AWS helps us keep our system highly available, resilient, and recoverable.

## **Data Backup Strategy**

We replicate databases within our production environment so that the loss of any one server does not impact our ability to serve our customers. Additionally, our databases are replicated in near real time to a set of servers located in a secondary geographic region. In a worst-case scenario where the live region becomes unavailable, no more than a few seconds of data are lost.

In addition to live data replication, we create backups of all datastores on a daily basis.

## **Cybersecurity Insurance**

We maintain errors and omissions liability insurance and cybersecurity insurance that includes, but is not limited to, coverage for network security, data breaches, system failure and fraud.

## **Employee Access to PII**

We grant access to end user data to our employees based on assigned job responsibilities, and limit access to only those employees who require access to maintain and support the system. We perform background checks on all employees, and screen all employees with I-9 verification and E-Verify.

## **Employee Security Training & Awareness**

We require all of our employees to complete our security and privacy training as part of their onboarding process and annually thereafter.

**Employee Access to Servers**

We follow the principle of least privilege when providing our employees with access to resources. A limited number of engineers have direct access to our servers. All access to servers is logged.

**Third Party Service Providers**

Before we engage with a third party service provider, we ensure that their privacy policy is at least as strict as ours. Among other requirements, we ensure that (1) they do not sell or use personally identifiable information for any commercial or marketing purpose, (2) they protect the confidentiality of personally identifiable information, (3) they have implemented safeguards based on industry standards and best practices, and (4) they permanently dispose all data upon expiration of our agreement with them.

A list of the third party services we currently use, the data that is shared, as well as links to their privacy policies, can be found here: <https://www.parentsquare.com/privacy/service-providers/>.

**Vulnerability Testing and Disclosure**

We undertake an extensive third-party penetration test annually to ensure there are no known vulnerabilities in the system. The summary report is available upon request.

We will soon be launching our new Smart Sites product and will be taking that product through the same third-party penetration test.

To improve our ability to detect security issues, we allow individuals to submit vulnerability reports to [security@parentsquare.com](mailto:security@parentsquare.com). We provide cash awards to those who report vulnerabilities that could lead to the compromise of sensitive data and the disruption of services.

- (c) Vendor will comply with all obligations set forth in Erie 1 BOCES' "Supplemental Information about the MLSA" below.
- (d) For any of its officers or employees (or officers or employees of any of its subcontractors or assignees) who have access to Protected Data, Vendor has provided or will provide training on the federal and state laws governing confidentiality of such data prior to their receiving access, as follows: Annually, Vendor will require that all of its employees (or officers or employees of any of its subcontractors or assignees) undergo data security and privacy training to ensure that these individuals are aware of and familiar with all applicable data security and privacy laws.
- (e) Vendor [*check one*]  will  will not utilize sub-contractors for the purpose of fulfilling one or more of its obligations under the MLSA. In the event that Vendor engages any subcontractors, assignees, or other authorized agents to perform its obligations under the MLSA, it will require such subcontractors, assignees, or other authorized agents to execute written agreements as more fully described in Erie 1 BOCES' "Supplemental Information about the MLSA," below.
- (f) Vendor will manage data security and privacy incidents that implicate Protected Data, including identifying breaches and unauthorized disclosures, and Vendor will provide prompt notification of any breaches or unauthorized disclosures of Protected Data in accordance with Section 6 of this Data Sharing and Confidentiality Agreement.
- (g) Vendor will implement procedures for the return, transition, deletion and/or destruction of Protected Data at such time that the MLSA is terminated or expires, as more fully described in Erie 1 BOCES' "Supplemental Information about the MLSA," below.

5. **Additional Statutory and Regulatory Obligations**

- (a) Limit internal access to education records to those individuals that are determined to have legitimate educational interests within the meaning of Section 2-d and the Family Educational Rights and Privacy Act (FERPA).

- (h) Promptly reimburse Erie 1 BOCES, another BOCES, or a Participating School District for the full cost of notification, in the event they are required under Section 2-d to notify affected parents, students, teachers or principals of a breach or unauthorized release of Protected Data attributed to Vendor or its subcontractors or assignees.

6. **Notification of Breach and Unauthorized Release**

- (a) Vendor shall promptly notify Erie 1 BOCES of any breach or unauthorized release of Protected Data in the most expedient way possible and without unreasonable delay, but no more than seven (7) calendar days after Vendor has discovered or been informed of the breach or unauthorized release.
- (b) Vendor will provide such notification to Erie 1 BOCES by contacting Michelle Okal-Frink directly by email at [mokal@e1b.org](mailto:mokal@e1b.org), or by calling (716) 821-7200 (office) or (716) 374-5460 (cell).

In the event the CPO contacts Vendor directly or requests more information from Vendor regarding the incident after having been initially informed of the incident by Erie 1 BOCES, Vendor will promptly inform Michelle Okal-Frink or her designees.

- (e) Vendor will consult directly with Michelle Okal-Frink or her designees prior to providing any further notice of the incident (written or otherwise) directly to any other BOCES or Regional Information Center, or any affected Participating Educational Agency.

### Supplemental Information

about the Master License and Service Agreement  
between  
Erie 1 BOCES and [*ParentSquare, Inc.*]

Erie 1 BOCES has entered into a Master License and Service Agreement (“MLSA”) with [*ParentSquare, Inc.*] which governs the availability to Participating Educational Agencies of the following Product(s):

[*ParentSquare unified communications platform*]

Pursuant to the MLSA, Participating Educational Agencies may provide to Vendor, and Vendor will receive, personally identifiable information about students, or teachers and principals, that is protected by Section 2-d of the New York State Education Law (“Protected Data”).

**Exclusive Purpose for which Protected Data will be Used:** The exclusive purpose for which Vendor is being provided access to Protected Data is to provide Participating Educational Agencies with the functionality of the Product(s) listed above. Vendor agrees that it will not use the Protected Data for any other purposes not explicitly authorized in the MLSA. Protected Data received by Vendor, or any of Vendor’s subcontractors, assignees, or other authorized agents, will not be sold, or released or used for any commercial or marketing purposes.

**Oversight of Subcontractors:** In the event that Vendor engages subcontractors, assignees, or other authorized agents to perform one or more of its obligations under the MLSA (including any hosting service provider), it will require those to whom it discloses Protected Data to execute legally binding agreements acknowledging the obligation under Section 2-d of the New York State Education Law to comply with the same data security and privacy standards required of Vendor under the MLSA and applicable state and federal law. Vendor will ensure that such subcontractors, assignees, or other authorized agents abide by the provisions of these agreements by: [*Before ParentSquare engages with a third party, we ensure that their privacy policy is at least as strict as ours. ParentSquare’s security and privacy policies are reviewed every six months, which allows us to serve our customers with the newest industry regulations. We use the written agreements we have with our subcontractors to ensure they are adhering to New York State Education Law 2-d.*]

**Duration of MLSA and Protected Data Upon Expiration:**

The MLSA commences on [July 1, 2023] and expires on [June 30, 2026].

Upon expiration of the MLSA without renewal, or upon termination of the MLSA prior to expiration, Vendor will securely delete or otherwise destroy any and all Protected Data remaining in the possession of Vendor or its assignees or subcontractors or other authorized persons or entities to whom it has disclosed Protected Data. If requested by Erie 1 BOCES and/or any Participating Educational Agency, Vendor will assist a Participating Educational Agency in exporting all Protected Data previously received back to the Participating Educational Agency for its own use, prior to deletion, in such formats as may be requested by the Participating Educational Agency.

In the event the Master Agreement is assigned to a successor Vendor (to the extent authorized by the Master Agreement), the Vendor will cooperate with Erie 1 BOCES as necessary to transition Protected Data to the successor Vendor prior to deletion.

Neither Vendor nor any of its subcontractors or other authorized persons or entities to whom it has disclosed Protected Data will retain any Protected Data, copies, summaries or extracts of the Protected Data, or any de-identified Protected Data, on any storage medium whatsoever. Upon request, Vendor and/or its subcontractors or other authorized persons or entities to whom it has disclosed Protected Data, as applicable, will provide Erie 1 BOCES with a certification from an appropriate officer that these requirements have been satisfied in full.

**Challenging Accuracy of Protected Data:** Parents or eligible students can challenge the accuracy of any Protected Data provided by a Participating Educational Agency to Vendor, by contacting the student's district of residence regarding procedures for requesting amendment of education records under the Family Educational Rights and Privacy Act (FERPA). Teachers or principals may be able to challenge the accuracy of APPR data provided to Vendor by following the appeal process in their employing school district's applicable APPR Plan.

**Data Storage and Security Protections:** Any Protected Data Vendor receives will be stored on systems maintained by Vendor, or by a subcontractor under the direct control of Vendor, in a secure data center facility located within the United States. The measures that Vendor will take to protect Protected Data include adoption of technologies, safeguards and practices that align with the NIST Cybersecurity Framework and industry best practices including, but not necessarily limited to, disk encryption, file encryption, firewalls, and password protection.

**Encryption of Protected Data:** Vendor (or, if applicable, its subcontractors) will protect Protected Data in its custody from unauthorized disclosure while in motion or at rest, using a technology or methodology specified by the secretary of the U.S. Department of HHS in guidance issued under Section 13402(H)(2) of P.L. 111-5.
